- WARRANTY NOTICE - All tire warranties have limits. Depending on the type of tire warranty and or tire manufacturer, 5 or 6 years and other limits apply. Please speak with a Costco Tire Sales Associate if you need assistance with a tire warranty.
- * Follow the direction in your vehicle's owner's manual for rotation and rebalance. In the absence of direction in your vehicle's owner's manual, rotate and rebalance your tires every 7,500 MILES or 12,000 KM.
 - * Tires inflated with nitrogen. Nitrogen stabilizes a tire's inflation pressure more efficiently than regular air. If needed, air and nitrogen may be mixed; return to any Costco for purge and refill to the proper nitrogen purity level.
 - * Tire rotation patterns may be limited if a tread depth difference of more than 2/32nds of an inch is present between the front and rear tires of a vehicle.
 - * To Access Your Bridgestone Warranty Information, Visit The Link Below:
* <http://bridgestonetire.com/>
 - * Read and follow all tire maintenance requirements outlined in the Tire Manufacturers' Warranty booklet provided at the time of purchase by hard copy or by reference to the Manufacturer's website.
 - * 25 mile safety check recommended along with an alignment check
 - * Thank You for choosing the Costco Tire Center! Your first rotation is due at 58,044.
